

24.09.21

Hello

What a lovely week!

The Big Stars children have loved creating their own faces using collage material and our Little Stars children have loved painting on the giant chalk board!

Next week we will be exploring more of the school and meeting various adults. I wonder who we will meet first?

Our Big Stars carpet sessions this week...

- We will be exploring the school matching different hats to different adults around the school.
- We will be building the muscles in our hands by having a dough disco!

Our Big Stars table top activities this week are...

- Continuing to explore Nursery rhymes using song props to help to choose a song. We are particularly interested in counting songs at the moment.
- Using our busy fingers to pick up counting animals and pompoms with tweezers. I wonder who can collect the most?

Home learning ideas

- Why not practice singing your favourite Nursery rhymes? I wonder if you can find some props at home to help you?

In Little Stars we will be...

- Continuing to explore Nursery rhymes, we have loved using our new choice board for songs. We will be using props to help us sing our songs.
